

HOOVER UNDER SENATORS' FIRE

Ply Him With Questions on Food
Control Plans

CONGRESS IN DEBATE

Explanation Made of Conditions
That Face All Our Allies
in Food Situation

Washington, D. C., June 19.—While
both branches of congress continued
debate on the government's
control bill today, the govern-
ment, food administrator, spent
several hours at the capitol emphasizing
a score of senators the vital im-
portance of the legislation to success
of the war.

Under sharp and argumentative
questioning by a group headed by
senators Gore, Reed and Vardaman,
opposing the legislation, Mr. Hoover
outlined his plan for conserving the
nation's food supply, increasing pro-
duction and cutting off excessive pro-
cessing. The senate had only a brief dis-
cussion of the bill and recessed until
tomorrow. Senator Chamberlain an-
nounced it would be kept continuous
before the senate until disposed of,
and senators would be pressed to ex-
plicit debate and action.

With but a handful of members at-
tending, the house debate continued
all late tonight. Opposition there
appeared to be waning and leaders
seemed to conclude general debate,
turning then to consider amendment
to pass the bill by Friday or Satur-
day.

Hoover Explains.

Full conditions which face the al-
lies and this country were frankly and
fully explained by Mr. Hoover. With-
out government control, he said, suc-
cess in the war may be imperiled. Such
control to a great degree in actual
administration, he explained, would be
illusory and not enforced, a "mob
in a spirit of self denial and self
sacrifice" in preventing waste of
resources. That the rationing or the
forced regulations of the American
people is proposed was denied by
Mr. Hoover. Also he said regu-
lating of factories or regulation of
prices are not contemplated, and that
action of war profits in the distribu-
tion of food, largely by voluntary co-
operation of business interests in-
cluded, is the prime object of the bill.
Four basic measures of food con-
trol planned, Mr. Hoover said, are ex-
port regulation, control of distribu-
tion, including speculation, mobiliza-
tion of American women in a cam-
paign for economy and against waste.

Plan Commission.

A Federal commission to control
sugar and a few other "prime
commodities" by regulation of pro-
duction, storage, transportation and
distribution, he said, also were con-
templated, he said, instead of injuring farmers, as
some have claimed, these things will
benefit both producers and consumers
without curtailment of the middle-
man's normal and fair profits.

Asserting that the allies' food sup-
ply will be 40 per cent deficient even
with America's food surplus, Mr.
Hoover said the deficiency must be
made up by sacrifice abroad and
economy here. Saving of five cents
a day per capita in this country, he
calculated, would save \$2,000,000,000
a year, a 20 per cent saving of flour
could give 100,000,000 bushels of
flour to the allies.

Senators Gore, Reed and Vardaman
applied Mr. Hoover with questions
such as whether he told them with
me emphasis that he had not asked
them to do anything, although he
did the proposed legislation vital
to the conduct of the war. The op-
posing senators contended that the
bill would reach the infinite avenues
of American life, disturb business, take
away without compensation, and
look upon an enterprise of varied
orders.

Opposition Less.

Opposition dropped perceptibly in
the course of the debate dragged along
all day and tonight. Representative
Clegg of Iowa, the only member of
the agriculture committee to file a
minority report against the bill, said
he would not be so negative votes
as he had.

He said he would
vote for it himself, although he would
not make an effort to restore to the list
of necessities, shoes and clothing.
Representative Graham of Illinois,
opposing the measure today,
expressed interest by submitting a com-
plete list of American and British
needs on staples received by him
from Ambassador Spring-Rice on May
15.

Some of the English prices were
lower than the American prices de-
clared by Mr. Graham said, and
England is surrounded by sub-
sistence prices follow:
Lamb, 44c a pound; butter,
45c a pound; potatoes, \$2.10 a
barrel; bacon, 48c a pound; and flour,
\$1.00 a barrel.

Women to Support.

Washington, D. C., June 19.—Heads
of the principal women's organiza-
tions of the country meeting here to-
day with Herbert C. Hoover, prom-
ising their full support for the food

STATE CENSUS HALF OVER.

Albany, June 19.—Most of the
counties outside of Greater New
York had completed more than
half of their state census work by
last Saturday night, according to
reports received today.

Schenectady county reported
that answer blanks had been filled
out by as many men and women as
the estimate had fixed for the
whole county, but as much work
remains to be done. The increase
in population due to war activities
is believed to have caused this situa-
tion.

NEW DEVELOPMENTS IN RUTH CRUGER CASE

WOMAN WHO CLAIMS SHE GAVE
"TIP" TRIES SUICIDE

New York, June 19.—Important
developments in the investigation into
the murder of 18-year-old Ruth Cru-
ger divided the attention of city offi-
cials today.

A woman calling herself Consuelo
"La Rue," who fell or jumped from
the window of her apartment, and who
said she gave the "tip" that led to the
discovery of the body, declared she
had been threatened with death for
her part in the case.

Investigation of the police by the
board of aldermen for the failure of
the police to find the body which had
been buried for months in the bicycle
shop of Alfredo Cocchi, was de-
manded.

Miss "La Rue" is a prisoner charged
with attempted suicide in a hospi-
tal, where a clash between the police
and Mrs. Grace Humiston is re-
ported to have occurred when she vis-
ited the injured woman. It was
through Mrs. Humiston's persistence
that digging was continued under
Cocchi's shop until Miss Cruger's body
was found.

Assistant District Attorney Rorke
visited Mrs. La Rue in the hospital to-
night. He said she is still unable to
tell a coherent story. Failure of the
police to find a trap door that had
been cut to lower the body in the cel-
lar strengthened the belief that an in-
vestigation of the detective bureau's
methods will be ordered.

Several policemen, who were said
to have been familiar with Cocchi
and who had visited him in his shop,
are being questioned.

In the tunnel with Ruth Cruger's
body the police found three chair-
man's uniforms of khaki and three
other suits of clothing.

The case was brought officially to
the attention of the board of aldermen
by Dr. William H. Allen, director of
the institute for public service, who
demanded "study" of police work in
cases of missing persons. Dr. Allen's
letter was read to the board and re-
ferred to the committee on rules. He
said it would "be a great pity for the
city to lose confidence in police"
through what appears to be neglect in
the Cruger case.

Commenting on the letter President

Doubling of the board said that after
speaking with members of the board
many of them are of a frame of mind
to order such an investigation.

EXPECT EXPORT ACT TO BE SIGNED BY WILSON

ACTION TODAY ON CONTROL OF
SHIPMENTS ABROAD

Washington, D. C., June 19.—Presi-
dent Wilson is expected to sign to-
morrow an executive order putting into
operation the export control act just
passed by congress. The plan of or-
ganization and general export program
drawn up by Secretaries Lansing and
Redfield was taken up at today's cabi-
net meeting. The act will be admin-
istered by an expert council made up
of representatives of the state, war,
navy and commerce departments, the
food administration, and others to be
selected by the state and commerce
department.

REVELATIONS IN TRIAL.

New York, June 19.—Attempted
murder, robbery and blackmail were
interwoven in a confession made to
United States Commissioner Gitchrist
today by Mrs. Ray Hyman, the "50
per cent" month banker who is
charged with appropriating money in-
trusted to her for investment without
security.

The woman's revelation brought
about the immediate arrest of nine
persons who were held in \$25,000 bail
each and warrants were given for five
others.

The world's food situation
was not before the women.
Mr. Hoover said the success of the
food administration plan depends
largely on the cooperation of the
country's housewives. Women, he
declared, are as much a part of the
national army as the men fighting at
the front.

The registration will be conducted
largely by the women's organiza-
tions under the direction of the state
defense council of the women's com-
mittee. Newspapers are to be asked
to print daily a pledge which the wo-
men are to sign and mail them to the
food administration.

GUARD RECRUITING CAMPAIGN SUCCESS

WORK PUSHED WITH GREAT VIGOR
PLEASES GOVERNOR

Albany, June 19.—Governor Whit-
man believes that the New York State
National Guard will have an approxi-
mate strength of 40,000 men when it
is mobilized into federal service July
15, it was announced tonight. The
Governor said that the campaign for
recruits had been a success.

Several weeks ago Governor Whit-
man announced that he was anxious
to have New York among the first
states in the union to respond, not
only promptly but with rosters com-
plete, when the federal call for state
troops should come. More than 7,
000 men have been recruited since
May. Despite the fact that there
have been many losses in all the mil-
itary organizations for unavoidable
reasons, the state troops now need
only 2,612.

The strength of the organization in
the federal service, based on reports
received up to Saturday last, was 9,
175, while those remaining in the
state numbered 23,927. The work of
securing over 6,000 recruits, or per-
haps 1,000 additional, as the discharg-
es from now until the federal draft
goes into effect may determine, to
bring the Guard to its authorized war
strength of 39,000, has been pushed
with great vigor. Governor Whitman
predicted tonight that every vacancy
now existing would be filled before
the Guards left their home stations.

DUTIES OF CANADA'S CONTROLLER DEFINED

MAY REGULATE CONSUMPTION
EVEN IN HOMES

Ottawa, Canada, June 19.—The or-
der in council defining the duties and
powers of W. J. Hanna as Canadian
food controller was made public to-
day. It provides that the food con-
troller should make necessary investi-
gations to the quantities, location,
ownership, sources of supplies and
prices of any article of food in Cana-
da; that he shall ascertain domestic
requirements.

The food controller may make regu-
lations governing the prices of any
food in storage, distribution, and the
sale and delivery thereof, providing
for its conservation and governing con-
sumption in hotels, restaurants, cafes,
private houses, clubs, etc.

It is also provided that subject to
the approval of the cabinet the con-
troller may requisition, store, sell and
deliver food and may appoint a staff
to carry on the work.

Provision is made for co-operation
with any department of the Canadian
government, Great Britain or the
allies.

WORK OF BELGIAN MISSION OVER

Officials Here Anxious to Show Their
Deep Sympathy.

Washington, D. C., June 19.—The
Belgian war mission, having expressed
to American officials Belgium's
gratitude, regards its work here as
completed, since it came neither to
seek men, money, nor ships, nor to
give advice.

Now that the mission is here, how-
ever, officials are eager to show in
more than a perfunctory way their
deep sympathy with Belgium's war
aspirations. Suggestions will be
sought on many phases of the war,
and it is likely that the mission will
visit other cities.

EXPLOITATION OF WOMEN.

Washington, D. C., June 19.—A pro-
test charging that war has resulted in
the exploitation of women workers on
the government contracts and the vio-
lation of labor standards in govern-
ment departments was presented to
white house officials and several cabi-
net members today.

The committee told Secretary Tan-
nally and Secretary Baker that while
many garment workers in New York
are idle contracts for uniforms and
other supplies are going to cities
whose labor resources are already
overburdened.

NOW HEADS CANADIAN CORPS.

Ottawa, Canada, June 19.—Sir
Arthur Currie, who has been acting
commander of the Canadian corps,
since Sir Julian Byng left, has been
authorized to take over the command
it was announced here tonight. Sir
Arthur went to France with the origi-
nal Canadian overseas contingent as a
brigadier and has had a part in all
the major engagements of the corps.
He is the first Canadian to command
the corps. His predecessors, Generals
Alderson and Byng, were both imperi-
al officers of long service and distinc-
tion.

MRS. ROONEY GIVEN NITER.

San Francisco, Cal., June 19.—Mrs.
Rena Mooney, of trial for murder in
connection with the bomb explosion
July 22, 1916, which killed 10 per-
sons, was identified today by Samuel
Samuels, a stevedore, as the woman
to whom he gave about 11 pounds of
niter 11 days prior to the explosion.
On cross-examination, Samuels ad-
mitted that three or four women had
at different times asked him for niter.

BIG EVENTS IN WEST EXPECTED

Berlin Statement Says Activity
Has Revived

GERMANS REPULSED

Macedonian Theatre Scene of
Artillery Duels; Austrians
Repulsed With Losses

Indications point to an early re-
sumption of operations on a grand
scale in Belgium and France, if indeed
they have not already begun in Flan-
ders and Champagne. A significant
statement in the latest Berlin official
communication says that in Flanders
and Champagne the fighting activity
has been revived in several points.

In Champagne the Germans have
made an attempt to recapture posi-
tions between Mont Blond and Mont
Carnillet, taken by the French Mon-
day, but met with repulse, suffering
heavy casualties. To the northwest,
around Craonne, heavy artillery duels
are being fought.

The situation in Flanders is even
more obscure and neither the British
nor French statements tend to clarify
the German report of the recommen-
cement of hostilities. Artillery
duels of great intensity are known to
have been in progress between Bosin-
ger and Pregelghien and in the region
of Steenstraete and Hets Sas, while to
the south in France, in the neighbor-
hood of the Bapaume-Cambrai road,
the British troops have resumed their
trench raiding operations, destroying
German dugouts.

The Macedonian theatre also still
holds forth the promise of early de-
velopments on a large scale.

While along the line where General
Sarail's forces are facing the Teu-
tonic allies near the Greek-Serb bor-
der, the reports show only artillery
duels to be in progress, the entente
commander is still pouring men into
Thessaly and occupying important lo-
calities.

Again the Austrians have endeavored
to dislodge the Italians from posi-
tions northeast of Jamino in the Car-
so sector of the Austro-Italian fron-
t. A surprise attack has been re-
pulsed with severe losses. On Monte
Rombon, however, the Austrians were
more successful in actually capturing
advance posts of the Italians on the
southeastern slope of the mountain.

Advices from Denmark, Switzerland
and Holland indicate a cabinet crisis
in Austria by reason of the fact that
the Poles in the Reichstag seeking the
downfall of Premier Clam, Tattenlo-
w and also the foreign minister, Count
Czerin, have refused to vote the
Austrian budget. A brief dispatch
quoting Vienna advices, which have
not been confirmed, says the cabinet
already has resigned.

Another American steamer, the
Standard Oil tanker, the John G.
Archbold, has been sunk by an enemy
submarine. It is believed that three
members of the crew were lost in the
disaster.

RUSSIAN MISSION IS HEARTILY WELCOMED

WARMTH AND ENTHUSIASM
SHOWN BY WASHINGTON

Washington, D. C., June 19.—Wash-
ington opened its arms to the Russian
diplomatic mission, headed by Am-
bassador Boris Bakhetless, today, with
warmth and enthusiasm.

Greeted by Secretary Lansing and
other officials and escorted through
streets lined with cheering people and
honking autos, the mission was given
a welcome expressive of this coun-
try's response to the mighty upheaval
in Russia.

The visitors dined quietly tonight at
the home placed at their disposal. To-
morrow they will pay their respects to
Secretary Lansing and go with him to
the White House to be received by
President Wilson. Lieut. Gen. Lalle
will convey the greetings of the Rus-
sian army to Secretary of War Baker.

SWEDEN TO REMAIN NEUTRAL.

Washington, D. C., June 19.—Swe-
den's special commercial mission here,
headed by H. D. Lagercrantz and Axel
Robert Norvald, made public today
extracts from a speech by Foreign
Minister Lindman to parliament. They
reiterated the determination of Sweden
to guard her independence and neu-
trality and determination to escape
participation in the world war.

RECEIVES BUSINESS INTEREST.

Paterson, N. J., June 19.—Mrs. Re-
becca Douglas Grant, widow of David
Beach Grant, founder of Grant Loco-
motive works, left her son, Douglas
Stewart Grant, all her interest in the
locomotive works. Her will was filed
for probate here today. The residue
of the estate is left to her children
share and share alike.

VIENNA CABINET RESIGNED.

London, England, June 19.—Ac-
cording to Reuter's Amsterdam
correspondent the Vienna papers
say that after a prolonged cabinet
council tonight it was resolved to
present the resignation of the
whole cabinet today.

COMMONS SHOW FAVOR TO VOTES FOR WOMEN

LARGE MAJORITY GIVEN CLAUSE
FOR EQUAL SUFFRAGE

London, England, June 19.—The
house of commons tonight by a large
majority passed the final reading of
the clause in the electoral reform bill
dealing with the question of woman
suffrage. It is expected that a pro-
posal will now be made for enfran-
chisement of women on the same
basis as men.

The majority by which the house of
commons affirmed its adherence to the
principle of woman suffrage astonish-
ed the warmest supporters of the
measure. They anticipated a victory
but none seemed to imagine that there
would be such a sweeping triumph.
The members evidently felt that the
subject long ago had been exhausted
and that nothing further could be said
than has been offered in the debate on
the woman suffrage bills.

The government left the question to
the unfettered judgment of the house,
not attempting to influence opinion
on it in the least degree. The front
benches on both sides looked most of
the leading figures and the air of tor-
gone conclusion was over the whole
proceeding.

So assured were the supporters of
the measure of the outcome of the
division that even the magnitude of
the majority in its favor did not move
them to any unusual demonstration.
The decisive action is expected Wed-
nesday.

ALL PLATTSBURG MEN TO GET COMMISSIONS

TARGET PRACTICE BEGUN BY
NEW ENGLAND DIVISION

Plattsburg, June 19.—Official in-
formation was received at the men's
training camp here today that prac-
tically every man was assured of a
commission in the regular army or the
reserve. The classes at the school for
aviators at Cambridge, Mass., are to
be enlarged and a greater number of
candidates are to be sent to it each
week from this camp.

Target practice on the rifle range
was begun today, the New England
regiment being at the butts and firing
from the 200 yard range. Major
Theodore Roosevelt and Second Lieut-
enant Archie Roosevelt have left the
camp to report to the commanding
officer at Governor's Island. It is be-
lieved they will be ordered to France.

NO MOTIVE FOUND FOR MURDER

Arrest Army Physician in Case of
Rutgers Student.

New Brunswick, N. J., June 19.—
No motive has been disclosed as yet
for the murder of John V. Piper, grad-
uate student of Rutgers college, whose
body was found near here Saturday,
after he had been missing four months.
Dr. William J. Condon, a prominent
physician of this city and a captain of
the United States army medical corps,
is under guard at Chattanooga, Tenn.,
charged with the crime.

Prosecutor J. E. Stricker predicted
tonight that there would be sensation-
al developments. Traces of lime in
the cellar of the Condon home where
Piper went every day to care for the
furnace, as part of the work he was
doing to pay his college expenses, and
in the automobile, are declared by the
prosecutor to be important links in his
chain of evidence.

The prosecutor asserted he had
learned that Allison Wellington, a
negro who did odd jobs around the
Condon home, had seen in the cellar
two days after Piper disappeared,
what he believed to be a body, but
when a detective was sent to investi-
gate no trace of it had been found. Dr.
Condon has been prominent in society
and politics in this city. He was a
lieutenant and assistant surgeon in
the United States army in the Philippines
and Japan from 1900 to 1902.

Mrs. Condon is suffering from a
nervous breakdown. She has refused
to make any statement or receive call-
ers since her husband's arrest.

APPOINTED TO COMMISSION.

Albany, June 19.—Dr. Walter E.
James of New York and Benjamin W.
Arnold were appointed members of
the hospital development commission
created by an act of the 1917 legisla-
ture by Governor Whitman today. The
other members of the commission in-
clude the chairman of the state hospi-
tal commission, state engineer and
state architect.

The development of the facilities
for caring adequately for the insane
population of the state is the product
of the new commission.

APPAN SUT THROWN OUT.

New York, June 19.—On the
ground that submission to capture by
a ship constitutes abandonment of the
cargo entrusted to it, the federal
court dismissed here today the suit
against the owners of the British ship
Appan to recover money for the per-
ishable cargo of the steamer.

PRINCETON RECEIVES \$281,000.

Princeton, N. J., June 19.—Gifts
of \$281,000 from the alumni and oth-
ers have been made to Princeton uni-
versity during the past few months,
it was announced today.

GIVE VESSELS TO RUSSIA.

Washington, D. C., June 19.—Two
vessels of the shipping board fleet
were started today to Russia for
transporting to Archangel, part
of the 300,000 tons of Russian sup-
plies awaiting shipment at New
York. Other ships will be given
the Russians as soon as they are
available. The Russian port will
be ice bound again before Octo-
ber 1.

The vessels started today are
from the enemy fleet in American
ports at the outbreak of the war.
They are about 7,500 tons each.

MILLIONS GIVEN TO RED CROSS WAR FUND

NEW YORK CITY PROVIDES OVER
FIVE MILLIONS

Washington, D. C., June 19.—In-
complete reports to American Red
Cross headquarters here tonight show
more than \$35,000,000 subscribed
during the first two days of the week's
campaign to raise \$100,000,000. Hun-
dreds of communities had not been
heard from, but returns from others
were so many that tabulators could
not keep up with them.

Tonight's total did not include the
contributions of many small cities or
towns, particularly in the west, where
it is said local campaign committees
plan to withhold their returns until
late in the week in order to prevent a
too optimistic spirit.

A single pledge of \$10,000,000 has
been given the war council tentatively
for the use of fighting tuberculosis
in France. The name of the con-
tributor was not made public.

A number of senators and other
public officials today appealed to citi-
zens of their home states to open
their pocketbooks for the war fund.

Optimism at headquarters is based
partly on the excellent showing made
by the 1,500 cities reporting daily
which do not have Red Cross chap-
ters to direct Red Cross work. A cam-
paign roll of honor of cities which
already have made their apportion-
ment was made tonight. It includes
Warren, Pa.; Englewood, N. J.; Glen
Ridge, N. J.; Montclair, N. J.; Orange,
N. J.; Albion, N. Y.; Amsterdam, N. Y.;
Home, N. Y.; Tonawanda, N. Y.;
Lafayette, Pa.; and Titusville, Pa.

About a third of the 125 cities in
which Red Cross campaign commit-
tees are at work had not reported
their progress to the headquarters to-
night.

New York, June 19.—Total subscrip-
tions of nearly \$20,000,000 have been
made to the Red Cross fund during the
first two days of the campaign here.
New contributions of \$5,426,000 were
announced today. Those led by Mayor
Mitchell and J. P. Morgan have each
reported subscriptions of more than a
million dollars. The building trade
employers' association has started
work to raise \$100,000 for the fund.

All banks in the state of New York
may declare a one per cent Red Cross
dividend, a resolution to this effect
will be presented at the New York State
Bankers' association convention at
Lake Placid this week. It has al-
ready been approved by a number of
bankers here.

Directors of the bank of Havana,
Cuba, have donated \$1,000 to the fund
it was stated today. More Red Cross
dividends were announced. The Wol-
felein announced \$75,000; the Magna
Copper company, one for about \$24,-
000; and the Bankers' Trust company,
one for \$25,000.

Among the large contributions an-
nounced today were: Guggenheim
Brothers, \$500,000; J. W. Seligman,
\$100,000; Union Carbide company,
\$250,000; Liggett & Myers, \$50,000;
George J. Whelan, \$25,000; Mrs. H.
McK Twombly, \$25,000; Mrs. E. M.
Bliss, \$25,000; L. P. Bliss, \$25,000; J.
K. G. Billings, \$50,000; Pennsylvania
Water Power company, \$50,000; Kahn,
Loeb & company, \$50,000; T. A. Gilles-
pie, \$25,000; P. L. Hine, \$25,000; Ed-
gar Palmer, \$25,000, and \$21,325 sub-
scription by the clothing manufac-
turers of New York.

GOT HER ON FALSE PRETENSES

Connors Dizycka Says Estate Proved
To Be Ramshackle Castle.

Chicago, Ill., June 19.—The Coun-
tess Eleanor Patterson Dizycka, for-
merly Miss Eleanor Metcalf Patterson of
Chicago, testified in her suit for di-
vorce today, telling a story of neglect
and unhappiness on the lonesome Rus-
sian estate of her husband, Count
Joseph Dizycka.

The ancestral estate of the Russian
noblemen, which he had described
vividly before their marriage in Wash-
ington in 1904, proved to be a tumbled
down ramshackle castle. The impos-
ing army of 70 servants promised
proved to be a horde of Russian peas-
ant boys and girls who received no
pay.

All of her income of \$20,000 a year
had been used to maintain her titled
husband's estate.

CHARGE STORE HOUSES FULL.

New York, June 19.—A statement
saying every available cold storage
place in the city is full to capacity and
charging retailers with maintaining
high prices in spite of an affluence of
food, was issued here tonight by Jos-

OUR ALLIES NEED 100,000 AIRSHIPS

Frank A. Munsay Says This Aid Would Win War.

CRUSH ENEMY FROM ABOVE

With a Sufficient Number of Machines France and England Could Soon Annihilate All German Craft and Destroy the Eyes of Five-Need of Machines Greater Than Need of Men.

To bring about the defeat of Germany in the most efficient manner and in the shortest time 100,000 aeroplanes are needed, in the opinion of Frank A. Munsay, owner of the New York Sun and other newspapers. In a signed article Mr. Munsay says: "France needs 100,000 aeroplanes from us far more than she needs our soldiers at the present time, even as France needs our engineers, our artists, our capitalists of industry, far more than she needs our soldiers at the present time. Indeed, France and England are not now suffering from a shortage of men on the battle front. In both England and France the pinch for men in the industries, in the munition shops, in aeroplane factories, in shipyards, in engineering fields, is much greater than on the battle front.

"This is the situation today. A year from today it may be entirely different. Then our men may be needed to strengthen the depleted and worn forces of France and England.

"But the men in the trenches and the big guns back of them cannot afford this war. After finding himself forced to the defensive by the allies on the western front Germany turned to the submarine, staking her hopes of triumph on it. Meanwhile the aeroplane has come to be a bigger factor in the war than the submarine.

"The submarine, our own devilish creation, will be and must be neutralized and eliminated by America. And with 100,000 aeroplanes added within the next twelve months to the British and French squadrons of aircraft we can crush another of our inventions now doing deadly work in the hands of the enemy.

Germany Equal France and England.

"France and England combined have in operation on the western front approximately 4,000 aeroplanes. Back of the lines they have in reserve and ready for the front and also for training purposes three machines to every two on the front. The best advice is that Germany's numerical strength in aeroplanes is just about equal to that of France and England combined, and some reports indicate that Germany has so far improved her machines that they are again superior.

"In the early part of the war Germany was immeasurably stronger in aeroplanes than France and England. Gradually the latter so improved this branch of their service that their aircraft were superior to those of the Germans. Lately the Germans have applied themselves with redoubled force to the production of aeroplanes and their higher development in speed and other respects.

"The average life of an aeroplane on the front is about two months. This would mean a mortality on the western front alone in English and French aircraft of 24,000 machines in a year.

"I have not been able to learn the measure of loss to the aeroplanes back of the lines, those used for training, but it must be large, especially as they are operated by green men. If this back of the lines mortality were to aggregate, say, 6,000 machines a year, the total mortality on the present scale of aerial operations would be 30,000 machines.

"While England and France are steadily increasing their output, they are not increasing faster than Germany. So if they are to become strong enough to gain control of the air, to subdue or destroy the enemy fleet, the allies must have a minimum of three machines, and, better, five, to every German aeroplane.

Could Wipe Out German Squadron.

"So if America were to add within the next twelve months 100,000 aeroplanes to the production of England and France they would be equipped to wipe out the German air squadrons, without which Germany couldn't hold her own in the trenches.

"And this is something that America can do within the next year for the western front. We have the genius for organization, we have the trained artisans in our automobile factories and machine shops and if the government were to go to the job with a will, commandeering all these resources, human and otherwise, necessary to the production of 100,000 machines within the next twelve months, they could be built and delivered.

"France and England, I repeat, need these machines more than they need our soldiers on the front just now, need these machines as they need our money, our foodstuffs, our munitions, our materials from which to make munitions and other products that they cannot now produce for themselves in sufficient quantities. Let us furnish these machines and furnish the money and the munitions, the foodstuffs, and all that and in addition, drive out the submarine, and we shall have struck hard for the freedom of the world. Shall have sent home a blow to Germany that will mean the end of this unspeakably horrible carnage."

FINANCIAL AND COMMERCIAL

The New York Markets.

New York, June 19.—The stock market settled down to routine work today after an early setback, which bore the familiar marks of bear pressure. Initial loss of one to two points in the speculative group were speedily retrieved.

Special stocks furnished much of the day's motive power. Another consignment of British gold amounting to \$11,000,000, making a total of \$2,000,000 of the inflow infused rates. Saxon motors declined 4 1/2, U. S. steel moved within a narrow radius and closed at 12 1/2, a net loss of one-fourth point. Other shares of the same class moved within similar limits, the only noteworthy exception being Bethlehem steel's old stock.

U. S. registered and coupons 3 1/2 of 1945 1-1 one per cent on call.

New York Produce.

LABOR AND CAPITAL MUST PATCH UP DIFFERENCES

Better Understanding Between the Two Factors Essential to Business Prosperity.

"More than anything else in this country we need a better understanding between capital and labor," says George E. Roberts, former director of the United States mint. "The wage earner must come to see that the problem of increasing production and lowering costs is his problem as well as the employer's. An appeal must somehow be made to his spirit, to his creative powers, which will enlist his willing co-operation and develop his latent capabilities.

"We have the highest wages scale in the world, and we want it to be still higher, but you cannot make wages higher by increasing production costs. Higher costs and prices simply go around to the rear entrance and settle down on the same premises."—Industrial Conservation, New York.

Power of Suggestion Triumphs.

Municipal Judge N. J. Monahan of Green Bay, Wis., who has been in the habit of retiring at 11 each night, tried with no success to get to bed and to sleep by 10 until the other day, when the clocks of Green Bay were set ahead an hour for daylight saving. The judge did not remember that his clock had been advanced and when he awoke at 11 he decided that he could stay up no longer, so went to bed. Then he realized that power of suggestion had triumphed where will power had failed.

OTSEGO COUNTY NEWS

VARIETY SHOW AT LAURENS.

Laurens, June 19.—A variety show was given at the Laurens hall, Saturday evening, June 19.

The show was given by a group of friends of Laurens, who had been organized for the purpose of giving a variety show at the Laurens hall, and proved to be a very successful one. The show was given at the Laurens hall, and proved to be a very successful one. The show was given at the Laurens hall, and proved to be a very successful one.

Enumerators Active.

The enumerators, who have been taking the military census in the first district, have nearly completed their work. Only a few remain to be seen, some of whom were not at home when the first call was made.

O. E. S. Initiation.

At the regular meeting of Laurens chapter, O. E. S., Monday night, two candidates were initiated. At the close of the meeting light refreshments were served and a social hour enjoyed.

Little Laurens Locals.

Mrs. Fred Springer of Binghamton is a guest of her sister, Mrs. Charles Bryant. Miss Leta Wedger of Binghamton was at her home here Saturday and Sunday. Mrs. A. S. Gray and Mrs. W. C. Fox spent Monday in Oneonta.

ON THE SHORES OF OTSEGO.

Red Cross Nurses Stimulate Interest in Red Cross Work.

Cooperstown, June 19.—The members of the Cooperstown branch of the American Red Cross are doing all in their power to assist in collecting the large sum needed to care for the wounded and those at the homes of the soldiers. This afternoon, as an advertising medium, two nurses did Red Cross work in the show window of the Bundy & Cruttenston store, one sewing, the other winding bandages.

Death of George Shaw.

George Shaw died this afternoon at the home of his daughter, Mrs. B. A. Cook, on Main street, aged 74 years. Mr. Shaw was a son of the late Francis M. and Lydia Bush Shaw. By trade he was a painter. Surviving him besides the daughter mentioned, are three sons, Frank, whose home is in Alaska, George Jr. and Samuel of Cooperstown. Two brothers, John of Cooperstown and Thomas J. of Sprout Brook also remain.

Minor Mention.

Miss Marion Gregory of New York has arrived here for the summer and is at the home of Mrs. Paul R. Cooke. Frederick B. Usher and family of Buffalo are at the Cooper cottage on

river street for the summer. — Mrs. William Kidd of Albany has leased the D. J. McGowan residence on Pine street for the summer and arrived here Monday. — George Hill and family of New York have taken possession of the Frank Lettis home on Pine street for the season.

OBSERVED IN OTSEGO.

Odd Fellows and Rebekahs Hold Memorial Services Last Sunday.

Otsego, June 19. — Fellowship lodge, I. O. O. F., and Vale Hannah Rebekah lodge observed Memorial day on last Sunday with appropriate exercises. After services in the hall the members marched to Evergreen cemetery, where the memorial service and decoration of graves took place.

Methodist Mention.

Children's day will be observed on Sunday morning at the usual hour of service. An excellent program will be

rendered. Junior league at 3 p. m. and Epworth league at 7:30 o'clock. Prayer meeting at the church on Wednesday evening at 7:30 o'clock. The annual meeting of the Ladies' Aid society will be held Thursday, at the home of Mrs. D. Ceperley. Luncheon will be served at noon.

Baptist Briefs.

Mrs. John Hering will entertain the Gleaners' society, Wednesday afternoon from 3 until 6 o'clock.

O. E. S. Meeting.

Regular meeting of O. E. S., Friday evening at 8 o'clock. All members are requested to be present.

Rebekahs to Serve Supper.

Vale Hannah Rebekah lodge will serve a strawberry shortcake supper in Odd Fellows' hall, Friday, from 5 p. m. until all are served.

Personal.

Mr. and Mrs. Allison Hall and Mr. and Mrs. C. E. Lane of Mount Vision were recent guests of Mr. and Mrs. W. S. Hathaway. Mrs. Mary Harris and daughter, Miss Dora Harris, expect to return to their home here this week, after a long stay in the south.

DELAWARE COUNTY NEWS

TO URGE RECRUITING.

Mass Meeting at Sidney Today with Prominent Speakers Present.

Sidney, June 19. — Wednesday evening, a mass meeting will be held at Municipal hall in the interest of recruiting for membership in Company D. Among the speakers will be Sergeant Norman Selby, a member of the regiment, who is well known as "Kid McCoy," the undetested middle-weight champion pugilist. Another speaker will be Captain William R. Fearn, the "Billy Sunday" of the regiment. His address also promises to be interesting. There will be no admission fee charged and a cordial invitation is extended to all to be present.

Changes in Time Table.

Some important changes will take place in the local time of trains when the summer time card goes into effect on the O. & W. Sunday, June 24. No. 1, the Oswego express, which now leaves Sidney at 5:56 p. m., will leave at 3:05 instead. No. 4, the south-bound Mountain express, which now leaves at 7:17 a. m., will leave at 5:20 a. m. No. 10, the Edmeston branch, will leave at 1:25 instead of 1:30 p. m. Instead of 12:21 a. m., the Chicago express will leave at 11:45 p. m. and will run by the way of Utica instead of Earlville and Syracuse as at present. No. 11, the short milk, will arrive at 2:18 p. m. instead of 3 o'clock. No. 38, the new express train between Oswego and Weehawken, will leave Sidney at 2:33 p. m.

Saturday evening, at the Baptist parsonage, Rev. William Barnfather officiating, occurred the marriage of Miss Florence Evelyn Rowe to Aaron Gill, both of Sidney. They were attended by Mrs. Minnie Gill.

The Liberty Loan in Sidney.

The total amount of Liberty bond subscriptions in this village was \$85,000. Of this amount, \$60,000 was subscribed through the Sidney National bank, and the balance through the People's National. The employees of the Kayser factory took bonds to the amount of \$2,999. George Smith, D. & H. track supervisor, induced employees in his department to subscribe

to the amount of \$3,300. Sidney Masonic lodge purchased a \$500 bond. The Sidney Monday club purchased a \$100 bond and the D. A. R. chapter took a \$50 bond.

"An Indoor Picnic."

The picnic that was to have been held by the D. A. R. chapter Saturday afternoon at the farm of M. C. Johnston, had to be held in the house on account of the unpleasant weather of the afternoon. Nevertheless, a pleasant time was spent. Luncheon was served picnic style and the afternoon was spent in social intercourse and with music and recreation.

Breezy Brevities.

Faculty range will confer the third and fourth degrees upon a class of candidates Thursday evening. Refreshments will be served. — Miss Mildred Sheldon and Miss Blanche Lawrence, student nurses at the Good Samaritan hospital in Philadelphia, are visiting their homes in Sidney. — William Higgs, who since his recent enlistment in the United States army has been stationed at Fort Slocum, is enjoying a brief furlough at the home of his parents, Mr. and Mrs. William Higgs. — Joseph Bennett, an aviation instructor for the Curtis Aeroplane company, who is stationed at Newport News, Va., is visiting his parents, Mr. and Mrs. M. D. Bennett.

HOBART NEWS NOTES.

Hobart, June 19. — The Woman's Missionary society of the Presbyterian church will meet tomorrow, Wednesday afternoon, at 2 o'clock at the church. — Mr. and Mrs. W. H. Sheffield and Fred E. Foote left this morning on a motor trip to New York. — Mrs. R. A. Metcalf of Canfield, N. J., and Mrs. Segal of New York are summer guests at D. L. Gallup's.

Uranus.

It was on the evening of March 13, 1781, that William Herschel, at Slough, England, discovered a new planet. Wishing to pay a compliment to George III, his patron, he gave it the name of Georgium sidus, or the Georgian star. Other English astronomers, wishing to compliment the discoverer himself, suggested the name of Herschel. Continental astronomers proposed that the old mythological system be followed, and the name of Uranus was accepted by the scientific world for the seventh planet.

Ship of the Desert.

"Johnny" said the teacher, "what is a camelopard?" "Johnny" didn't know, but Ralph did. "I know," he said proudly. "A camelopard is a two masted camel." — Christian Register.

"I want to do some one thing that will cause me to be talked about," said the energetic and ambitious man. "That's easily arranged," answered his wife. "Merely move into a strange neighborhood." — New York American.

PRICE

Some cigars are good value at a quarter each---some others are positively extravagant at two for a nickel.

So it is in clothes---without certain essential qualities a suit is expensive at any price---be it \$50 or \$9.99.

All-wool fabrics---pure linen canvas---conscientious stitching and seaming --smart designing--in short, custom tailored standards of style, fit and wear coupled with the ready-for-service economy of time and money.

These are the standards which every garment must fulfil to find place in our cabinets. No compromise---no step backward for the sake of price or for any other consideration.

Here price is adjusted to standards---not standards to price!

Our prices on Kirschbaum Clothes this season are \$15 and up---on Hart Schaffner & Marx Clothes \$18 and up.

Take our advice---it's a good time to buy now.

THE LOGIC OF GOOD ROADS.

A Plea For New Methods Against the Old.

The Freeport (Ill.) Journal-Standard asks:

"Is there any logical reason why the farmer should use a thrashing machine to save time and labor and then haul his straw and grain to market by old and time consuming methods?"

"A farmer who would refuse to have his oats thrashed by machinery would be the laughingstock of the country. Yet it would be as profitable for him to thrash his grain if he could have it hauled over all weather highways at the moment the price reached its highest point as to follow his present methods."

"The fact that not every farmer can afford his own thrashing outfit does not prevent him from availing himself of the benefits of the improved method. Not every farmer will be able to have his own motor truck to market his produce when good roads are achieved. Nor will this be necessary. In every city of every size we find motor delivery systems for the use of the smaller merchants. The same system is now bound to follow in the wake of good roads. And the smaller farmer will be enabled to get his produce to the mar-

ket on schedule time every day in the year and to secure a steady income.

"The means are at hand to pay for the roads. The modern motorcar is more than equal to its part of the work. It remains simply for you, Mr. Farmer, to say yes."

Dinner Time.

Englishmen in Queen Elizabeth's time dined at 11 a. m., and Shakespeare rang up the curtain at the Globe theater at 1 p. m., the performance ending between 5 and 6 o'clock. By the time of Charles II, dinner had advanced to 1 o'clock and the play began at 3 p. m., as Pepys records. A century later Horace Walpole complained of dinner being as late as 4 o'clock and evening not beginning until 6 o'clock. Up to the middle of the last century theaters opened at 6:30 dinner being proportionately earlier.

Convicts Buy Liberty Bonds.

Prisoners at the Maryland penitentiary have bought \$2,150 worth of liberty loan bonds with savings from their small wage allowances. One man serving a long term spent \$250 of the \$275 to his credit. A former West Virginia train robber put all but a few dollars of his savings into bonds

The drive for the Liberty Loan bonds is now over. A second important factor in carrying on the war, or at least the humanitarian side of it, is the Red Cross. This week is Red Cross week. Give what you can afford, and then a little more for a work of great importance.

While the two great armies of the world are fighting each other in the east, there are evidences of renewed activity in the west. Already English and French forces are said to be massing for a drive into Serbia for the purpose of regaining the land over which the war began. This is in line with the general plan of strengthening the Russian morale and the Russian lines.

"Over which the war began," is said in the preceding paragraph. In one sense this is true; in another not. Serbia was merely the tinder to which the ready match of war was touched. It was no more the actual cause of war than is the bale of hay inside a barn door the cause of the fire which is started by the incendiary. For years the war had been getting ready, but Germany needed at least a pretext. It found it in the assassination of the Austrian crown prince.

These are no days to cut the throat of government. They are no days for anybody to hoard foodstuffs with the hope of exorbitant prices later. They are not days for big corporations to demand high prices for steel, trading upon the necessities of the nation. An instance of the latter appears to be the recent near-letting of ship contracts at prices approximating \$55 per ton for steel plates. The final figure of \$56 appears to indicate that the original estimated price of \$95 per ton was much too high. Nor does it help matters much to say that the figures were tentative merely. Even tentative figures are entitled to be more than 50 per cent above the proximate ones.

An illuminating fact in connection with this getting ready for war is found in a recent letter from a correspondent long in Berlin, who states that in addition to the visible supplies of grains and canned foods and meat products, Germany had for half a score of years been drying all kinds of vegetables, and fruits, and that these things are what are now being doled out in small quantities to supplement the meager products of more recent years. Germany, it thus appears, to even greater extent than was understood, had been getting ready, and with provision of what has come upon her, getting ready for defensive and not merely offensive war, when her forces would be driven in and she must rely for food on the husks of more fruitful years. In view of these things, how sacrilegious is the Kaiser in his talk of the war forced upon Germany, and which "High God" will help that country to win!

It is not a nice thing for leaders of men to differ among themselves, and particularly in a time like the present, when all energy should be devoted to work against the common enemy and not to recommendations at home. For this reason one may very well be sorry to know, as we do daily, almost, through the press, of the differences which have sprung up between General Goethals and Chairman Deuman relative to the American Emergency fleet. Goethals has from the first been an advocate of the steel ships, and so would everybody else if they could be got ready in time, while Deuman has favored a fast fleet of quickly constructed wooden vessels. Who is right depends on the view of the case—whether we are building for the present time or for posterity. If one saw a man drowning, and there was necessity of a plank or boat for rescue, he would not worry much about what kind of a plank or boat it was, he would take the one at hand. So, in the opinion of most people, the vital thing is to get ship—no, to get them the quickest way possible.

It was the generally veracious if sometimes mendacious Samuel Pepys who told in his diary of his first experience in drinking "a dish of tea." About a century ago there were pages of literature made about first rides on steam cars and in that same neighborhood of time a trip up the Hudson in Fulton's boat was a real adventure. It is in the memory of men far from the end of their journey that the school readers of one youth told of adventures of one of the low men who had dared to venture above the clouds in a balloon. It may not be so long off before, reversing things a little, we may record as a notable thing that "we saw a horse on the streets yesterday." Certainly the gasoline-propelled car is putting the dray and the truck, and the coach and carriage pretty well out of business; but there is a chance that later the gas car will itself be replaced by the electric vehicle or one which burns alcohol. Gasoline may presently be exhausted, but so long as water runs there will be electric energy, and so long as there is fermentation, there will be alcohol, which perhaps at an early date will be usable only as a fuel, and not at all for a beverage.

COMMENTS OF THE PRESS

Enlisting the Sheep.

A Montana man with a good American name, Lester Work, has bought 50,000 sheep in Mexico and is to turn them loose in a federal forest reserve section in Montana as soon as they are sheared. How so many sheep lived through the hungry wars of Mexico is a mystery, but they should be thrifty ornaments in a section of the 700,000,000 acres of government forest reserves of this country. At the rate of an acre for a sheep, these great acres of forests should pasture 700,000,000 sheep, with wool selling for 50 cents and more per pound, they should turn a profit of at least \$5 per head annually while the war lasts. And that 700,000,000 sheep would then mean \$3,500,000,000 to the United States each year, with the flocks left intact at that. That is one of the ways to figure out the millions of dollars for the war bill. The sheep would never make half the objection to such military service as men do. And the woolen mills are starting up about this country makes the way clear for all the wool that can be produced. There will not be half enough for the needs of this country during the war period, as has been shown in past wars.—[Worcester Telegram.]

Nantucket Makes Good.

Nantucket island is one of the best territorial illustrations of what Americans are worth on the surface of the earth. Years ago when one of the land-rich American pioneers made a division of his wealth among his children, none of them wanted that island, but finally, as the story is told the daughter, Nancy, took it as her portion, and therefore the name in derision, meaning Nan took it. And Nancy did not become wealthy on that account. Now it is different with Nantucket island. It holds 3,156 people, and one in 13 of them have subscribed a total of \$255,000 for Liberty bonds. That means an average of \$1,100 for the subscribers and nearly \$55 for each islander. That is what Nantucket has grown up to from a worthless island of more than 100 years ago through a history of poor fishermen and then richer whalers. That is a part of Massachusetts which prospers despite the fact that there are periods of the year when men hardly care to make trips to the mainland.—[Worcester Telegram.]

Three Majors.

Imbeciles and criminals who chatter about the rich men who brought on this war, which poor men must fight, are invited to consider, among many other things, three majors, officers of a grade not very high, and certainly not munificently remunerated. One is William B. Parsons, one of the foremost consulting engineers in the world. One is Mr. Wilgus, who was for years chief engineer of the New York Central railroad. The third is Mr. Bacon, formerly a partner of J. P. Morgan.—[Philadelphia Record.]

His Busy Time.

Enrolling 10,000,000 men, raising a \$2,000,000,000 loan, sending General Pershing and an army staff to France, putting a mission in the winter palace at Petrograd and a few other things like that—that's the record of fifteen days this in June. Now watch Uncle Sam when the sun joins hands with him!—[New York Herald.]

Law-making.

A bill in the Illinois legislature forbids high-heeled shoes and is attracting serious attention of women who haven't observed that legislatures pass bills abolishing the headache of the morning after, tips in restaurants and rainy days during legislative sessions.—[Louisville Courier-Journal.]

Gone Wrong.

One can't help wondering sometimes just how much profit the Kaiser has had from all his plots and conspiracies. As nearly as we can tell they don't seem ever to have gotten anywhere.—[Detroit Free Press.]

Be Sure You Are Registered.

So as to get the work of taking of the state military census in Oneonta finished by June 25, Captain Clerk Robert O. Marshall said last night that all citizens between the ages of 16 and 30 of the city who have not yet been visited by the enumerators, should bear in mind that the law makes it a fine for them to see that they are properly registered. Therefore, if any citizen has not been registered, he should see to it without delay that the proper papers are made out by communicating with his or her district captain. The captains follow:

First Ward—First District—L. L. Gardner.
First Ward—Second District—Harold W. Stanton.
Second Ward—First District—George S. Slade.
Second Ward—Second District—Hon. S. L. Huntington.

Fourth Ward—Charles F. Farnie.
Fifth Ward—Albert R. Foley.
Sixth Ward—L. W. Elmer.

There are some sections of the various wards which had not been completed by the enumerators. The business section, also, still lacks completion by the enumerators.

Arrangements are under way for taking the census of those employed at the D & H shops. This will be done by special enumerators at the shops.

Osteopaths Offer Services.

Members of the Central New York Osteopathic society, of which Dr. William A. Appoth of this city is a member, have offered their services without charge to men selected by the naval or military authorities, provided that the physical defects causing rejection are amenable to treatment.

Attention there will be alcohol, which perhaps at an early date will be usable only as a fuel, and not at all for a beverage.

Anarchists Arrested In New York City

EMMA GOLDMAN & ALEXANDER BERKMAN.

The above photograph shows Emma Goldman and Alexander Berkman, two of the most dangerous and well-known anarchists in the country, who have been arrested in New York for alleged conspiracy plots.

BRANCHES ORGANIZED.

Oneonta Chapter Starts Auxiliaries In Nearby Towns—Much Enthusiasm.

Three new branches of the Red Cross have lately been organized as auxiliaries to the chapter in Oneonta. They were organized by Mrs. A. L. Kellogg, as chairman of extension and branch work, and her assistants and are located at Edineston with adjoining territory, West Oneonta and Unadilla.

The branch at Edineston was formed on Thursday last with 276 members. The following were elected officers: Chairman, Mrs. U. G. Welch; vice chairman, Miss M. Teresa Smith; secretary, Mrs. Vera E. Burdison; treasurer, C. T. Conter. Work rooms already have been established and the members are very enthusiastic in their work, already predicting a membership of one thousand in that town and the surrounding villages, which will be auxiliaries of the Edineston branch.

A branch has also been established at West Oneonta, with Mrs. C. A. Manning as chairman, Mrs. Frank O. Potter, vice chairman, Mrs. Walter Gardner, secretary, and Mrs. George Criswell, treasurer. They expect to open headquarters soon and to carry on vigorous work.

Unadilla organized its branch Monday evening. The meeting was held in the auditorium of the high school, which was filled with enthusiastic Red Cross members. A membership campaign had already been conducted and over 200 members secured, which included 75 from Wells Bridge. The officers elected were: Chairman, Mrs. Charles S. Sweet; vice chairman, Mrs. Frank Tyson; secretary, Mrs. Charles Oles; treasurer, Fred Meeker; executive committee, Mrs. W. H. Sisson of Wells Bridge, Miss Minerva Hayes and Mrs. John VanCott of Unadilla. The Unadilla branch expects that it will soon be able to open headquarters. They will send several of their workers to the headquarters for this chapter at Oneonta, to receive instruction in surgical dressings, so that when they are proficient they will be able to teach the members of the Unadilla branch.

THE NEW U. & D. TIME TABLE.

Summer Schedule of Catskill Mountain Route Effective Next Sunday.

The Ulster and Delaware railroad, which during the past month has been running trains on what is known as the between-season schedule, has issued its new summer time card, which will go into effect next Sunday morning. Less trains will be run than in other years and it is understood that no Pullman cars will be operated during the season. The reason given for this is the heavy grades on the southern section of the road requiring two and sometimes three engines, although the cars themselves have only half the seating capacity of the regular coach.

On week days, trains during the summer will leave Oneonta at 7:20 and 10:15 a. m. and at 1:00 and 4:15 p. m. On Sundays at 1 p. m. and 4:15 p. m. Trains from Oneonta arrive at Ulster station at Kingston at 11:25 a. m., 2:15 p. m. and 7:25 p. m. On Sundays at 5:15 and 8:15 p. m. Trains will leave Oneonta on week days at 11:25 a. m., 2:15 p. m. and 7:15 p. m. This is the last evening train, the last of which formerly arrived here at 10 p. m. being discontinued. On Sundays, trains arrive in Oneonta at 11:25 a. m. and 8:25 p. m. It will be noted that the Sunday mountain special, scheduled to leave at 1:25 p. m., will not commence running until July 8, and will run every Sunday to and including August 26. It will also run on Wednesday, July 4, and on Labor day, Monday, Sept. 4.

While this service will probably be fairly satisfactory to Oneonta, it is understood that the continuation in the number of trains and the discontinuance of the Pullman service will not be pleasing to the various summer resorts along the line, since good train service and accommodations are believed to be essential features in making summer resorts successful.

Small Family Reunion.

The eleventh annual reunion of the small families will be held Sunday, June 20, at the home of Irving Cook at Phoenix Mills. All relatives are asked to be present and bring refreshments.

376 Wright's delivery. adv 11

FOUR FROM ONEONTA.

Graduated Monday from Hamilton College at Clinton.

Never, it is believed, in the earlier educational annals of the city and town of Oneonta has it been recorded that four young men have graduated in one day of the same year from one college. Yet this was true on Monday when Edwin R. Moore, Daniel Luce and Isaac Stanton Pendleton of Oneonta and Lynn C. Horton of West Oneonta all received their degree from Hamilton college at the hands of the distinguished retiring president, Dr. M. W. Styker. The first-named three took the arts course and graduated with the degree of A. B. Mr. Moore graduating cum laude. Mr. Horton was a student of the Latin Scientific course and received the degree of Ph. B.

The four young men, and this is also a signal honor to Oneonta, were all graduates of the Oneonta High school. And they all had high standing in college as they had at home. The congratulations of many friends in city and vicinity will be extended to "the four from Oneonta."

West Oneonta Y. P. B. Meets.

West Oneonta, June 19. — The Y. P. B. of West Oneonta met Saturday evening at the First Baptist church. After the business meeting, songs were sung and an oration was given by Walter Plice. The president read a paper on Alcohol, the Young Man's Greatest Enemy. The meeting closed with "America."

LOCAL MENTION.

Remember that the opera of "Iolanthe" will be repeated at the Normal this evening for the benefit of the Red Cross. Tickets are 35 cents to all parts of the house—no reserved seats.

Walter Getter and Veronice Crowley, both residents of Oneonta, will be married at 5 o'clock this afternoon in the rectory of St. Mary's Roman Catholic church by the Rev. Father Charles McArthur.

While the weather during the last few weeks has hindered the workmen who are engaged in building the new Methodist Episcopal church at Elm Park, Lower Chestnut street, the construction is progressing in a manner most satisfactory to the committee in charge. The building is nearly all enclosed and the interior work will begin at an early date.

TODAY'S NORMAL EXERCISES.

Class Day in Morning, Alumni Meeting at 3 p. m., Reception in Evening.

The events of the Normal commencement announced for today are the class day exercises which will be held in the assembly hall at 10 o'clock this morning and will attract many. The president's address will be given by Miss Woodburn; class history, Miss Keane; class poem, Miss Temple; class oration, Miss Wood; class prophecy, Miss Pierce; grinds, Miss Beekman; presentation address, Miss Hunter. The program includes piano solo by Miss Caldwell and a vocal solo by Miss Ferris, the exercises to conclude with the class song.

The class officers are as follows: President, Miss Woodburn; vice president, Miss Helen Fisher; secretary, Miss Margaret Palmer; treasurer, Milton Lawyer.

The annual meeting of the alumni association will be held at 3 p. m. today, when officers will be elected, and reports and addresses made. This evening the annual reception of the societies will be held in the Normal parlors and gymnasium.

The exercises of the week will close on Thursday. The commencement exercises will be held in the auditorium at 10 a. m. and in the evening the alumni banquet, which as always, will be the closing program of the week.

TWENTY-FIVE HUNDRED.

Everybody Busy and Prospects Good for Early Completion of Enumeration.

While the exact figures cannot be given, it was estimated at headquarters yesterday that fully 400 names had been turned in during the day. This added to previous figures makes the total fully 2,500, and there are many completed blanks still in enumerators' hands. From these data it would appear that at least half of the work is now done.

Third Day of Regents.

Today will be the third day of the spring Regents' examinations in the Oneonta public schools. The subjects on which examinations will be offered today are as follows:

Wednesday Morning—Geography, German II and III, elementary mechanical drawing, shorthand II, psychology.

Wednesday Afternoon—Elementary United States history, modern history, elementary bookkeeping, Latin IV, Latin, four years, French II, intermediate drawing, physical geography.

Meetings Today.

The meeting of the Woman's Missionary society of the First Baptist church will be held this evening at 7:30 with Mrs. E. J. Winans, 20 Spruce street.

Regular meeting of Royal Nehekah lodge, 141, this evening at 7:30.

Regular meeting of L. O. O. M. No. 358, this evening in the club rooms at 8 o'clock.

Meeting Thursday.

Autumn lodge will hold a picnic Thursday from 2 until 5 o'clock at Nehwa park. Bring usual refreshments.

Week-End Excursions to Cooperstown

On Sunday, June 24, the D. & H. will begin running its summer week-end excursions to Cooperstown. These excursions will be run up to September 25, the fare for the round trip being 25 cents. The tickets may be purchased every Saturday and Sunday and will be valid for return until midnight of the following Monday.

Onah-Renta tea room, Keyes block, Strawberry cream, Scotch cookies, candy.

Hats 98c—Thursday, Friday and Saturday. M. Clark, 7 Keyes building.

For prompt taxi service, phone 263-W or 313-W. J. W. Pomeroy, Wilson house.

TRAFFIC ORDINANCE PUT OVER

Council Confronted With Serious Proposition To Regulate Use of Motor Cars—Explosives and Fireworks Permitted for July Fourth.

The regular monthly meeting of the Common council was held last evening in the city council chamber at Municipal hall. Mayor Ceperley was in the chair, with the entire membership present. Following the reading of the proceedings of the previous meeting the time was given over to general routine business, which included the auditing of bills.

A petition was presented, signed by residents of Upper East street asking that an electric light be placed in that section. The matter was referred to the Board of Public Works.

A petition was presented, containing the signatures of nearly all the business men whose places of business are located near the intersection of Main and Chestnut streets asking that the council take action in hastening the work of the reconstruction of the trolley tracks there. They claiming that unnecessary delay seems evident and with the streets in an almost impassable condition is having a demoralizing effect on their business. The matter was referred to the city attorney and city engineer.

The matter of a Fourth of July celebration was next brought up. Following a free discussion the following resolution was unanimously adopted:

Resolved, That the Common council grant permission, within the city limits to explode firecrackers, under five inches in length to shoot cap pistols and display fireworks between the hours of 10 a. m. and midnight on July 4.

The report of the committee that was appointed to confer with the Merchants' association and Chamber of Commerce in regard to regulating traffic on Main street and of which Alderman Bolton was chairman, was next given. The report was to the effect that no definite result had been reached. The public hearing which had recently been held had met with diverse opinions on the matter of a time limit to the parking of cars on Main street as had also the suggestion of a limit to the distance a car might be placed from street corners. A general discussion followed in which opinions of the various members were brought out. It was the general opinion that the matter was a most serious one and one that must be acted upon with much consideration. The members felt reluctant to pass any ordinance at this time and by a unanimous vote the committee was given authority to hold over until the next meeting.

It was the opinion of all that the general public and the owners of cars in the city should use the free parking place on Dietz street. By doing this it would relieve the congestion on the business streets. To more fully bring the motorists attention to the location of the parking place a committee composed of Aldermen Coy and Bolton was named to secure signs and co-operate with the police in seeing that they are located in places that might attract the attention of auto drivers.

CONSIDER GARBAGE COLLECTION

Board Receives Two Applications—Investigating One for Entire City.

Although two applications for the collection of garbage were received yesterday by the board of health at their regular meeting, no action was taken on them because they were for only small sections of the city, while the board is considering a tentative application that has been made to collect the garbage of the entire city. Action on the matter will be taken very shortly.

The applications that were received yesterday were from George W. Taylor, who proposes to look after the collecting of the garbage of the sixth ward, and from George N. Bowditch, who did not specify any district. Both applications were referred to the health officer for investigation.

The board decided to fix a fee of \$1 for each license granted.

Dr. George W. Augustin was re-elected health officer for the city, to serve for a term of four years.

OFFICIALS COMPLY WITH LAW.

With Exception of Those Absent from City All Take Oath of Office.

As far as could be learned at the city clerk's office, last evening, every public office holder in the city, with the exception of a few who were out of the city, had complied with the new law relative to the oath of office which went into effect yesterday. The new requirements seem to have been generally understood and the greater number of officials had filed their oaths several days ago.

THE STRAND TODAY.

Bessie Love and the Triangle Kids in "A Daughter of the Poor."

"A Daughter of the Poor" is a story of capital and labor, showing how the anarchist of today experiences a feeling when he sees himself as the capitalist of tomorrow. This smashing theme revolves around the idea that "It is no crime to be rich." This is Miss Love's best work and should be seen by all. We also have "Rise and Tumble," a good Triangle comedy.

Extra! Extra! Extra!

At the Happy Hour theatre today, Comical Tom of Boston, Alaska, in a high-class vaudeville act. All up-to-date songs, new stunts and good dancing. Herbert Hawthorne, in a butterfly picture, "Like Wilhelmina," acts. Two extra reels will be shown. The prices remain the same, 5 and 10 cents.

Hairdressing—Coloring for gray or faded hair. Switches made to order. Keyes building, 7 Elm street, over Blanchard's store. Phone 713-J.

LOCAL RED CROSS CAMPAIGN

What Oneonta is Doing Toward Raising Her Quota in the Big Drive.

A recent bulletin sent out by the Red Cross War council has the following which will be read with interest and a quickening of the pulse—perhaps also a loosening of the purse-strings—by every Oneontan:

"The most stupendous and appealing call in the history of the world to aid suffering humanity confronts our Red Cross. The great drive to answer the outstretched hands of the suffering hordes of Europe commenced Monday. For the six days of this week the hundred million people of these United States will be given an opportunity to render succor to those who have bled that those principles of liberty which are the foundation stones of our constitution shall still exist. They will also be given an opportunity to lend a helping hand to our own soldiers and sailors who will soon be in the midst of this world conflict.

"Are the American people going to wait until the casualty lists start to come in before they awaken to the realization that this country is at war? Are the American people going to hesitate to sacrifice dollars when thousands upon thousands of our youths in the prime of life are going forth to do battle for us and to sacrifice their most precious lives for us. It's dollars on our part and a far dearer thing: life on their part. Where is the comparison?"

"What is the answer of those Americans who cannot shoulder a gun?"

The answer of Oneonta to the appeal is destined to be conclusive. Already its committees are actively at work, and contributions are being earnestly and successfully solicited. While the amount secured has as yet not been tabulated, it is understood that a very substantial sum has been raised, and that Oneonta, if the good work continues as at present, will have no trouble in securing its quota.

The committee announces that while it will endeavor to make a thorough canvass for subscriptions, it may not be possible to see every resident of the city. In this case, a call at the office in the Oneonta block, second floor would be appreciated. The committee does not mean to forget you. Please see to it that you do not forget the committee.

EASTERN STAR CONVENTION.

Seventh Annual Meeting of Delegates of Fourteenth District Here Yesterday.

The seventh annual convention of the Fourteenth district, Order of the Eastern Star, was held yesterday in the Masonic hall under the direction of Right Worshipful Herman A. Tucker, assistant grand lecturer, assisted by F. W. Hazeltine, district deputy grand matron of this district. There were about 250 members present.

The convention was opened at 1:20 o'clock yesterday afternoon with the grand officers and past matrons filing the offices, after which officers were selected from the various chapters to fill the stations and the Star degree was exemplified for instruction.

At 6 o'clock a delicious banquet was served by the Oneonta chapter, assisted by the Jefferson chapter, after which they retired to the lodge room where there was a reception for Most Worthy Grand Matron Elizabeth Wurtz and other grand officers who were present.

After the reception there was a short program by members of the Martha chapter and address by some of the grand officers present. The most worthy grand matron gave a very interesting talk which was followed by one by R. W. C. J. Beans, R. W. Herman A. Tucker and R. W. Hazeltine. There was also a short musical program. Mr. and Mrs. J. Rogers sang a duet, and there were also solos by A. Coy and Mrs. A. Ingberham. The instrumental music was furnished by Mrs. I. Bush, Ivan Bush and C. Wolcott.

Births.

Born, June 16, to Mr. and Mrs. E. Stanley Pier of New York city, a daughter.

MARY MILES MINTER.

Ingenuous Star of Filmdom in Angle for Spite at Theatre Today.

Mary Miles Minter, favorite ingenuous star of the motion picture enthusiast, will be seen in her latest photoplay production, "Annie for Spite," at the Oneonta theatre today, matinee and evening. She has secured in this remarkable play one of the best mediums ever provided for the display of her happy genius. After seeing this delightful photoplay you will agree that there is no more attractive personality in the motion picture universe. The added attraction is a Datto scenic and cartoon reel. Admission only 10 cents. Tomorrow, Lillian Walker in "Kitty Mackay."

\$1,000 Reward.

It would be a great benefit if some wealthy man would offer the above reward for finding a way to make the fellows understand how small amounts are combined and made to accumulate to hundreds of thousands of dollars, through the safe six per cent compound interest system of the Oneonta Building and Loan association, which is protected by state laws, same as savings banks. Those who take shares in its new series which starts in July, will learn how money earns money while they sleep.

The former A. C. Bouton Carpet Cleaning works is now running full swing and as the season is on for house cleaning you had better get your work in early so that there may be no delay. Phone 621-J and get full particulars. Oneonta Laundry company.

For Sale—Smith one ton truck, in fine condition, fully equipped. We must have heavier truck. Bargain. Platt & Howland, phone 349; 4-5 Market street.

WAISTS

To attempt to give you in detail the varieties, styles, material and colors of the waists we are now displaying would be impossible in this space.

Essentially an every day garment and an article worn at all time of the day, it is necessary to carry a very complete line.

The practical every day wash waist for business, shopping and

general wear is being shown this season in a wonderfully attractive line of voiles, bowne, also plain and figured wash cottons, some lace trimmed, others with embroidery. Price range from \$1.00 to \$3.00

The waist for more dressy occasions and for wear with your tailored suit is shown in a wide range of Crepe de Chene, also Georgette Crepe. We are featuring in addition a line of wash silk waists. \$2.50 to \$7.00.

Mr. and Mrs. Clarence L. Pratt of Port Chester arrived in Oneonta yesterday for the Normal commencement. They are guests of their daughter, Miss Helen Pratt of this city's class, who gave as a gift to her father-in-law, the Earl of Toller in the opera of "Loulou". Last evening.

Mrs. Martha Scholt of Onondaga is the guest of her sister, Evelyn, at the year-end social at the home of Mrs. W. D. Woodburn.

Mrs. J. W. Wood of Greene is with her daughter, Miss Mildred E. Wood, at the class of 1917, for the Normal commencement.

Mrs. C. P. Hill returned to her home in New York city yesterday, after visiting for some time at the home of Mr. and Mrs. C. A. Warner, 123 River street.

SEVENTH OPERATIC SUCCESS

STUDENTS OF NORMAL SCHOOL PRESENT "IOLANTHE."

Crowded Auditorium and Universal Enthusiasm—Everybody Pleased and Everybody Applauding Singers and Songs—Will Be Repeated Tonight for Benefit of Red Cross.

For seven successive years the pupils of the Oneonta State Normal school under the competent direction of the instructors in music, have presented operas of merit as leading attractions of the commencement week.

In 1911 the outlay "Robin Hood" stole our hearts away. The next year it was "Martha" which delighted everybody, and in 1913 "Hoffe's Bohemian Girl."

The first venture into the field of Gilbert and Sullivan opera was made with the perennially young "Pinafore" in 1914, and after "The Chimes of Normandy" had rung in 1915 and the "Princess" had charmed the audience of a year ago, a second venture with the same authors and composers was made, the attraction last evening being "Iolanthé," also a Gilbert and Sullivan attraction.

In this considerable span of years many fine operas have been admirably given. In fact all have been admirable, and it is high praise indeed to say that no one of the last was heard with more enthusiasm or elicited more applause than "Iolanthé" last evening. There was a large audience, and from first song to closing number there was the same sustained interest, and at the end of each act persistent curtain calls clearly showed how the audience felt about the play.

Like most of the Gilbert and Sullivan productions, "Iolanthé" is a satire of some phases of English government—in this instance of the house of lords. Just as in "Pinafore," Sir Joseph Port was the target toward which the arrows of the Gilbert satire were pointed, so largely in the present instance it was the Lord Chancellor, whose solo was more than a little reminiscent of the earlier, "I'm Sir Joseph Porter, K. C. B." As for the fairies they were a charming web of unreal reality through the play, and made every scene a joy.

The part of Lord Chancellor in the play was taken with good voice and fine effect by Miss Murray, who looked and acted the part to perfection. The two "beloved eels"—of Ararat and Toller, had for their exponents—Miss Krauer and Miss Ferris, who in dissimilar fashion gave each worthy and characteristic presentation of very similar parts. Probably none of the players stirred the audience to more mirthful emotion.

Miss Posthill as Private Willis of the Grenadier Guards, appeared only the second act, but alike as singer and actor the audience would have had more of her. Strephon, an Arcadian shepherd and the hero of the opera, was intrusted with excellent judgment to Miss Trauger of Oneonta. Voice, face and dramatic instinct combined in her case to make the part a pronounced success. Miss Zipp was delightful as the seventeen-year-old fairy mother of Strephon, aged 25, and when Miss Blackness appeared as Phyllis, beloved of Strephon and the whole house of lords, nobody wondered that this should be so. Miss Werner was a most convincing queen of the fairies and the Misses Rathbun, Wood and Durr as fairies lived the part to perfection. Neither should notice be omitted of the choruses of peers and fairies, who like the principals, were perfect in their parts. Individual mention of the singing parts can perhaps be excused by the self-evident fact that all the parts were well sung and that all the singers showed the judgment in selection and the skill in training of Miss Gleason, to whom great credit is due for the unmistakable success of the opera.

Others to whom praise is justly accorded are Miss Hart, who was director of the dances and had instilled her own grace in rhythmic interpretation into her pupils, to Misses Matteson and Jenkins, who had charge of the artistic costuming of the play; to Prof. Curtis, whose work as director of the stage is always invaluable; to Miss Mildred Simmons as accompanist and to Mr. Gardner as director of the orchestra. The musical numbers by the orchestra which interspersed the performance were highly praised.

Hearty applause greeted the announcement by Dr. Hughes, at the close of the first act that, complying with numerous requests, it had been decided to repeat the opera this evening. The performance will open at 8 o'clock and in a few better to arrange for the afternoon reception will begin at 7 o'clock in read of an hour later.

The entertainment will be for the benefit of the Red Cross, and it is hoped that there will be a crowded house. Tickets will be 25 cents each and will be on sale at the door. No reserved seats will be sold. Everybody who can do so should attend. All who will be twice repaid—once in the entertainment itself, and a second time in the consciousness of helping a good cause along.

Card of Thanks.

We wish to express our heartfelt thanks to our friends for their many expressions of sympathy and heartiness during the death of our loved one, also the Veteran firemen and home department of the Methodist Sunday school for the flowers sent.

MARRIAGES.

May-Stiedle.

Rudolph Ernest May of Utica and Miss Gertrude Stiedle of Oneonta were quietly married at St. Mary's Roman Catholic church at 2 o'clock yesterday afternoon by the Rev. Father Charles McCaffrey. They were attended by the bridegroom's cousin, James L. Devaney, and the bride's sister, Mary Stiedle. Only a few relatives witnessed the ceremony.

After the wedding, the party retired to the home of the bride's brother, Joan J. Stiedle, 233 Main street, where a light repast was served, after which the bride and groom departed on a honeymoon trip.

Mr. and Mrs. May will reside in Utica.

Funeral of Mrs. A. L. Jordan.

Funeral services were held for the late Mary J. Veltman, wife of A. L. Jordan, at the family home, 35 Church street, at 2 o'clock yesterday afternoon. The Rev. Dr. T. F. Hall of Cooperstown, a former pastor, officiated.

Large floral pieces were sent by the Home department of the Methodist Episcopal church and by the Veteran firemen. A large number of neighbors and friends attended the funeral, and also Mrs. George Fisher of Schenectady.

The bearers, all veteran firemen, were Edward Barnes, James Coy, Oliver Sisson, Fred Howard, Frank Peck and M. F. Oliver. Interment was at Glenwood.

Phone 103-W for Maxwell taxi service. Clean cars, live and let live, prices, careful chauffeurs. J. R. Millard, the Oneonta garage, Wall street, advt 3t.

INDIAN CROESUS BUYS U. S. BONDS

Efforts to Invest Entire Fortune in Liberty Loan.

STORY OF GREAT SUCCESS

Oil Discovered on Lands Allotted Him by Government, and Money Pours Into His Pockets—Is Incompetent in Eyes of Law and Gives Large Sums to His Less Fortunate Tribesmen.

With nearly \$800,000 on deposit to his credit in the United States treasury and in a dozen or more banks and with a monthly income of nearly \$50,000 derived from oil lands in Oklahoma which he owns, an income more than seven times that of the president of the United States, Jackson Barnett, sixty-three years old, a full blood "incompetent" Creek Indian, living near Henryetta, Okla., through his guardian and by the aid of the department of the interior, sought some legal method by which the greater part of his capital could be invested in liberty bonds, says a recent statement issued by the interior department.

Rockefeller of the Indians. While Mr. Barnett is in point of wealth is the Rockefeller of the Indians in the United States, it is a noteworthy fact that fifty-six Indians of the Five Civilized Tribes of Oklahoma, to which he belongs, have more than \$5,000 each to their credit in the United States treasury. Many of these deposits far exceed that amount, and 347 have more than \$1,000 to their credit.

Barnett sprang into prominence a few days ago when Carl J. O'Hornett, a leading banker and capitalist of Henryetta, Okla., guardian of the Indian, telegraphed to Senator Robert L. Owen of Oklahoma urging that steps be taken by the United States authorities to invest the greater part, if not all, of Barnett's cash capital in interest bearing liberty bonds. Senator Owen at once communicated with Secretary Lane regarding the suggestion, and the legal problems of the case are now under consideration with a view of determining if the funds of incompetent wards of the nation may be invested as suggested.

Barnett's Story. The story of Barnett and his rise to wealth and national prominence is a romantic one. The son of a Creek chief, Barnett lived the life of a nomad of the plains, fishing and hunting and avoiding all contact with the white settlers who were slowly but surely encroaching upon and driving the Indians from their hunting grounds. When Indian territory became Oklahoma and the Creeks, Chickasaws, Choctaws, Seminoles and Cherokees, the five civilized tribes, were allotted lands for farming purposes in the eastern section of Oklahoma, Barnett vigorously opposed any movement on the part of the government to improve his condition in life, but the government nevertheless proceeded to execute its plans.

With other Indians of his tribe, Barnett was arbitrarily allotted a parcel of land in the district north of Tulsa, which later was to become the famous Cushing oil fields. Barnett indignantly refused to accept the land, which nevertheless was allotted to him, he explaining that it was fit only for coyotes and jack rabbits to starve in and in no wise suited to the requirements of an humble Indian whose sole desire was to be left alone so that he might hunt and fish and smoke at will.

Oil Found on Land. One day about 1905 oil was discovered in the vicinity of Barnett's land, and a few months later a company of eastern capitalists applied to the department of the interior for a long term lease of Barnett's allotment, which, it was discovered, fairly exuded rich oil throughout its length and breadth. In due time the lease was executed, and by its terms Barnett ever since has received part of the proceeds of the sale of oil from the wells on his property, the money being deposited in national banks of Oklahoma to his credit.

With the mobility of the men of his race, Barnett displayed no enthusiasm or interest at the official announcement that the land he had spurned as useless and upon which he steadily refused to abide had become enormously valuable and promised to make him a multimillionaire. He declined from time to time to accept a greater portion of his income that was required to supply his humble needs. In signing receipts therefore he made his mark, and, being unable to read or write, he made no attempt to investigate the state of his finances. He seldom spent more than \$50 a month for provisions, tobacco and other supplies, and what was left he distributed cheerfully among the less fortunate Indians of his tribe.

Pays Income Tax. Reports to Secretary Lane on May 1 showed that Barnett had \$755,890.06 deposited to his credit in various financial institutions. Of that sum \$115,000 is on deposit in state and private banks in Oklahoma, drawing 4 percent interest, \$156,469.74 in nine national banks, drawing 3 percent, and \$494,420.32 in the United States treasury, on which no interest is paid. These deposits are increasing at the rate of \$17,082.74 a month. Last year Barnett paid an income tax of \$52,000 to the government.

Marine Yarn. Flipper—And how did your boat come to be wrecked? Skipper—Well, you see, she was making so many knots the crew wasn't able to unravel them.

Forenight. "Father, what is forenight?" "Forenight, my son, consists of regretting what you do before you do it."

WOMAN NOW IN PERFECT HEALTH

What Came From Reading a Pinkham Advertisement.

Pateron, N. J.—"I thank you for the Lydia E. Pinkham remedies as they have made me well and healthy. Some time ago I felt as if I was run down, had pains in my back and side, was very irregular, tired, nervous, had such bad dreams, did not feel like eating, and had short breath. I read your advertisement in the newspapers and decided to try a bottle of Lydia E. Pinkham's Vegetable Compound. It worked from the first bottle, so I took a second and a third, also a bottle of Lydia E. Pinkham's Blood Purifier, and now I am just as well as any other woman. I advise every woman, single or married, who is troubled with any of the above ailments, to try your wonderful Vegetable Compound and Blood Purifier and I am sure they will help her to get rid of her troubles as they did me."

Mrs. ELSIE J. VAN DER SANDE, 36 No. York St., Pateron, N. J.

Write the Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass., if you need special advice.

SIX MILLION WOMEN TO VOTE

England's franchise reform bill, which has passed to second reading in the house of commons, provides for the emancipation of 6,000,000 British women. Both Premier Lloyd George and Mr. Asquith, former premier, committed themselves as strongly persuaded that England could no longer delay extending the franchise to women.

HELP YOUR COUNTRY!
Of the Vigilantes.
Help your country by helping your state. Do it now!

A state census is being taken, to discover all men of military age. There is plenty of work for each of us to do. Yours, just now, is to fill out one of the blanks as fast as you can.

Make the labor of the adjutant general's office easy.

Have you ever thought how much bookkeeping there is to do in time of war?

Your country must have your name, your age, your occupation, your business, your pedigree. It must have these facts. It isn't asking for them just for the fun of the thing. Not at all!

The time for play is over. There's nothing to be accomplished.

Your country has helped you. Now you help your country.

Slackers Adopt Babies.
Kansas City Cowards Have New Scheme to Evade Draft.

Slackers have discovered a method to set at naught the peril of the selective draft. At least four young married couples of Kansas City have adopted babies within the last month.

Two foster mothers have boasted that now their husbands will not have to go to the front.

When congress declared war there was a rush to the marriage license bureau. This was checked by the war department's announcement that those who wed now would be drafted just the same. Foiled in this effort, the cowards are now turning their attention toward the orphan asylums.

The manager of one of the homes for foundlings said that there had been a marked increase in the number of requests for children to adopt in the last month.

Reviving Dying Trees.
A curious method of reviving languishing or dying trees was reported recently to the French Academy of Agriculture after being tested successfully in experimental gardens at Autun, according to the Popular Mechanics Magazine. The earth was first removed so as to lay bare the larger root branches, in which longitudinal slits were then cut and kept open by wedges. These cuts were well rubbed with linseed oil, and after a while numerous small roots appeared, forming a sort of fur, and the trees so treated rapidly gained new life and vigor. The method was recommended for trial in the case of languishing fruit trees.

Quick Wit Saves a Life.
Unable to warn deaf mute of approaching automobile, boy companion threw stone that hit him on head, stunned and stopped him.

NEW PERFECTION

OIL COOK STOVES AND OVENS

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sago and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

Ready and other storage batteries.
